# Baulogic's Future Home

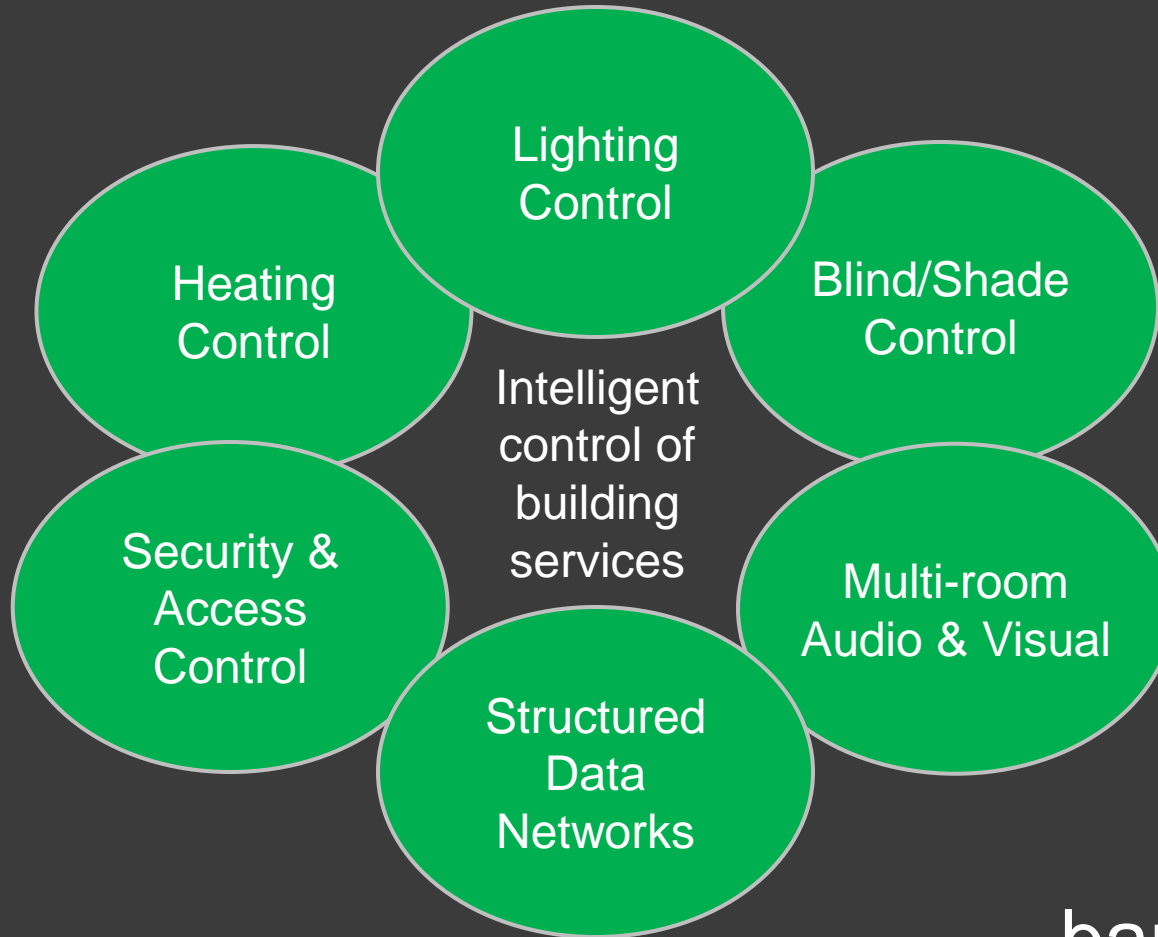

# why have intelligent buildings?

- ⦿ Energy Saving
- ⦿ Security
- ⦿ Flexibility
- ⦿ Convenience
- ⦿ Luxury

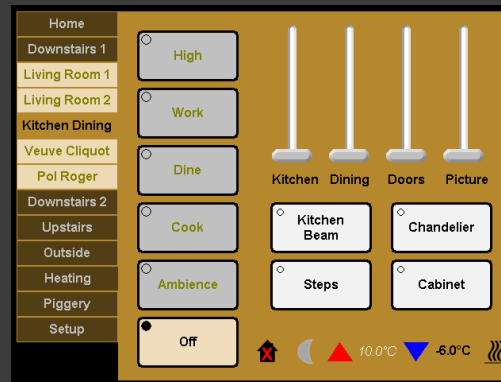

- Climate change and ever-depleting resources make efficient energy use a key social issue
- Buildings account for 40% of total energy consumption
- The energy consumption of a building can be halved using intelligent controls

[baulogic.com](http://baulogic.com)

- Single button controls multiple lights
- Buttons for moods or activities
  - Work
  - Dine
  - Cook
- Multi-room
  - Goodbye
  - Goodnight

- ◎ **KNX** is the worldwide standard for home and building control
  - Multiple manufacturers
  - A single protocol
- ◎ Designed to control all building services from a single common control bus
- ◎ Baulogic is a KNX partner

Unveiling the region's first
